## DOG' AND 'OPIUM SMUGGLER'

1. S. Wardell, Customs Man From San Francisco, Soores Local Chinese Interpreter

"You are an impudent dog! You are a crook! "I believe you are an opium smug-der, and I also believe you are guilty

"I wish that I had you in my juris-These, in effect, are a few of the cmarks flung at Farm Corns, the will known local Chinese interpreter, by J. S. Wardell, collector of customs San Francisco, outside the court om in the federal building this morn-

Wardell had just come from the and jury room. Farm Corne, who stitling down, spoke to him. War-I turned around and, in a half-pering manner, made a remark something to the effect that Farm Cornn was a fine fellow.

here?" demanded Wardell.

Farm Cornn replied that he could not be expected to lay his hand on a man in a minute.

cause of his remarks, Wardell then began his tirade against Corna.

I believe you are an oplum amuggler." he declared, among other "Why, who are you?

I'm a Chinaman and I' reforted Farm Coran.

of his conversation with War- | cu

"Several weeks ago, Roger Taylor, a customs inspector, got a search warrant to search the Luca Chong hakery in King street, of which concern I am the representative. He sent for me, and I went to the bakery, where he was already searching. I asked him what he had found and he replied, Nothing, only a lot of crackers."

"Later, Taylor came to me and asked for more information regarding marked boat!'

that he was right.

Boat Brill at Once.

"We put out from port at two o'clock in the afternoon, and we had certain alleged oplum transactions in not been to sea three hours when the the bakery. I told him that I didn't know anything about it, but would get what information I could. He officers on board ordered a very care ful boat drill. They were taking no chances. Every man, woman and child phoned to me sometime after, and 1 among the passengers was made to told him that I had nothing new.

"Yesterday morning, Captain Jos." in case any accident should occur. The officers were very painstaking in sec ing that each person knew perfectly how to put on a life preserver in the quickest and most secure fashion. "In fact they were so careful that the thing got on my nerves. I could hardly sleep that night, and get up at 3 a. m. on the morning of July 9 to go on deck, where I walked up and down and finally stood still on the starborrd side of the promenade deck. I had my glasses with me, and between 3:30 and 4 a. m. I distinguished a bark bearing the name Normandy, She had two large American flags painted on her side, and she took a course across our how. I never saw a more assuring sight than those two painted

"At exactly 5:55 by my watco, I saw the wake of the torneds passing about 10 yards to the stern of the ship. There was no mistaking it, because of the speed with which it traveled and the peculiar nature of its wake. It "He said he wanted the manager of the bakery."

"Wardell threatened to take me into custody. He wanted me to go with his men and get the manager of the bakery."

"Wardell threatened to take me into custody. He wanted me to go with his men and get the manager of the bakery."

"Wardell threatened to take me into custody. He wanted me to go with his men and get the manager of the bakery."

"Wardell threatened to take me into custody. He wanted me to go with his men and get the manager of the bakery."

"Wardell was before the federal and the bakery."

"Wardell was before the federal grand jury for about half an bour this morning in connection with what is before the grand jury for about half an bour this morning in connection with what is before a connection with what is before a connection with what is before the submarine. It was a strange of the submarine in the point and the point state of the submarine. It was a strange of the submarine in the point in the submarine in the submarine in the point in the subm

called this morning. L. C. Ables was appointed foreman by Judge C. F. from its side, and a flash. The dull Clemons. It is expected that a partial boom of the report rolled over the report of the jury's findings will be water just as the shell screamed high returned tomorrow. above the bridge. The shell hit the water and exploded as it struck, throwing a spray of water 40 feet into the sir. It was doubtless one of those murderous shrappel shells, which,

a second shell whizzed lower over the second class smoking. A third dropped in the immediate wake of the ship, as did four rs. They were evidently striving to get the range. Seven shots
